

Candidate Statement from Mike Dubinsky

Position – Vice President, LNA Board

Term – June 2020- May 2021

Qualification Statement

I am seeking the position of Vice President because I believe I can continue to make valuable contributions to the programs and projects which the LNA sponsors & coordinates for the residents of the Laurelhurst Neighborhood. I have served as Treasurer for the LNA since June 2016. The treasurer's responsibilities require that one become familiar with the entire range of programs and projects that the LNA engages in because every program either takes in revenue, incurs expenses, or both. The treasurer learns about the full range of practices and procedures that underpin each program or project as well as getting to know the volunteers who make the program run and the projects happen.

I was a force in updating the standing committee definitions and have played a participatory role with each of the four committees; Arches, Public Safety, Land Use & Historic Identity.

The tasks assigned the Vice President are not very detailed but I see an opportunity to possibly establish more specific expectations. More importantly with the background I have gained I feel I am well qualified to stand in for the President should the need arise.
